### **NEW VIDEO SHELVING**

You may have noticed our video collection is undergoing a transformation! In order to make space for our growing collection, we have added additional shelving and reconfigured our videos. Instead of having different genre collections, all of our films will be interfiled together and identified by labels, like Comedy, Horror, Musical, Mystery and Science Fiction. Note foreign language and Spanish videos will remain separate as well as non-fiction titles like documentaries and biographies. You may also browse our videos in storage with a new binder located in the video section. If you have any questions or need help finding an item, please visit the Adult Services Reference Desk.

### **UNWANTED ITEMS? LET US RESHELVE!**

When browsing the shelves, we ask that if you have any unwanted items please leave them for staff to reshelve. For your convenience we have added six new reshelving carts throughout the collection. Just drop any materials you will not be checking out on any one of these carts and staff will see that they are put back in the correct location. Thank you for helping us keep the library organized!
